Assunto: Your SugarLoafPLoP 2007 paper 26092

Dear Mr. Rafael Ribeiro,

Congratulations, your paper "Padrões para Modelos de Negócio Open Source" has been accepted for the SugarLoafPLoP'2007 Writing Patterns (WP) track.

You have between now and April 25 to produce the final version of your paper to appear in the pre-proceedings that will be distributed to conference participants. Since you have almost one month to work on your paper, please take this time to make the final improvements and feel free to interact with your shepherd and ask for his/her help or opinion.

best regards,

Jerffeson Souza and Richard P. Gabriel
